To whom it may concern

Subject: Conductor training in English to start

Distinguished Partner,

We have the pleasure to inform you that Semmelweis University's András Pető Faculty is starting its worldwide-known complex professional conductor training in English from September 2021.

The 8-semester, BA level conductor training with the possibility of specialization on pedagogical rehabilitation gives opportunity for applicants with GCSE A level outside of Hungary to apply for this education. Other professionals holding a diploma in re/habilitation, such as physiotherapy, occupational therapy, speech and language therapy, or diploma in (special) education are also welcome in our English programme.

Those already having diploma in a related field are offered some of the credits approved if 75% parity of the content of the given subject is proved.

Should you need any further information please check our website: www.semmelweis.hu/pak/en

or turn to us on e-mail conductor.ba@semmelweis-univ.hu

Your faithfully,

Prof. Dr. Béla Merkely
Rector
Semmelweis University
